APPENDIX A-1

STORMWATER MANAGEMENT EXEMPTION APPLICATION

The undersigned hereby applies for an exemption under the Adamstown Borough Code, Chapter 19, Stormwater Management for the proposed improvement(s) outlined in the application submitted herewith and described below. ***NOTE: Application for an exemption in no way exempts the applicant from regulations of the Borough Zoning Ordinance or any subdivision and land development plan impervious coverage limits for existing developments.

1. Name of Property Owner(s): _____
2. Address: _____
3. Phone: Home #: _____ Cell #: _____
4. Email Address: _____
5. Application Date: _____
6. Total Property Acreage: _____
7. Description of Proposed Improvements:

8. Total Impervious Added (maximum 1,000 SF) since August 1, 2006: _____
9. The applicant shall verify and check all special site conditions that impact their property and agree to protect all special features listed below:
 - a. Is there disturbance of land within: Y or N
 - 1) Floodplains _____
 - 2) Wetlands _____
 - 3) Environmentally Sensitive Areas _____
 - 4) Riparian Forest Buffers _____
 - 5) Slopes Greater than 15% _____
 - b. No impervious surface coverage shall be installed and no earth disturbance activity shall be conducted within any existing drainage or stormwater easement created by or shown on any recorded plan. _____
 - c. The Applicant shall minimize soil disturbance, take steps to minimize erosion and sedimentation during construction activity, and promptly reclaim all disturbed areas within topsoil and vegetation. _____
 - d. The Applicant shall take steps that runoff be directed to pervious areas on the subject property. No runoff shall be directed onto an abutting street or neighboring property. _____

- e. The proposed impervious surface shall not adversely impact any existing Known problem areas or downstream property owners or the quality of runoff entering any municipal separate storm sewer system. _____
- f. If the proposed activity does not meet all the criteria set forth in Section 401.A.1., the Applicant shall follow the small project processing procedure in Section 402 and Appendix A-2, Small Project Application. _____
- g. If the proposed activity is in a High Quality (HQ) or Value (EV) watershed, the Applicant shall be responsible for compliance with all Federal and State requirements. This exemption does not provide relief from any other applicable State or Federal requirements. EMAPS website at PADEP: <https://gis.dep.pa.gov/emappa/> _____
- h. No Applicant and no activity shall violate or cause to be violated any of the following: Federal Clean Water Act, Clean Streams Law, or any regulation issued thereunder, an NPDES permit, any recorded Stormwater Management or Operations and Maintenance Agreement, or any requirement applicable to a Municipal Separate Storm Sewer System. _____

The undersigned hereby represents that, to the best of his/her knowledge and belief, all information listed above and on the land disturbance plan herewith submitted is true, correct and complete. No part of the proposed construction is located within an existing easement or wetland area.

Signature of Applicant(s) **(ALL PROPERTY OWNERS MUST SIGN)**

Date

Please attach a sketch of the project site and proposed improvements to this application. Refer to Appendix A-5 (next page) for information to be included on the sketch.

APPENDIX A-5
SITE PLAN FOR EXEMPTIONS OR SMALL PROJECTS

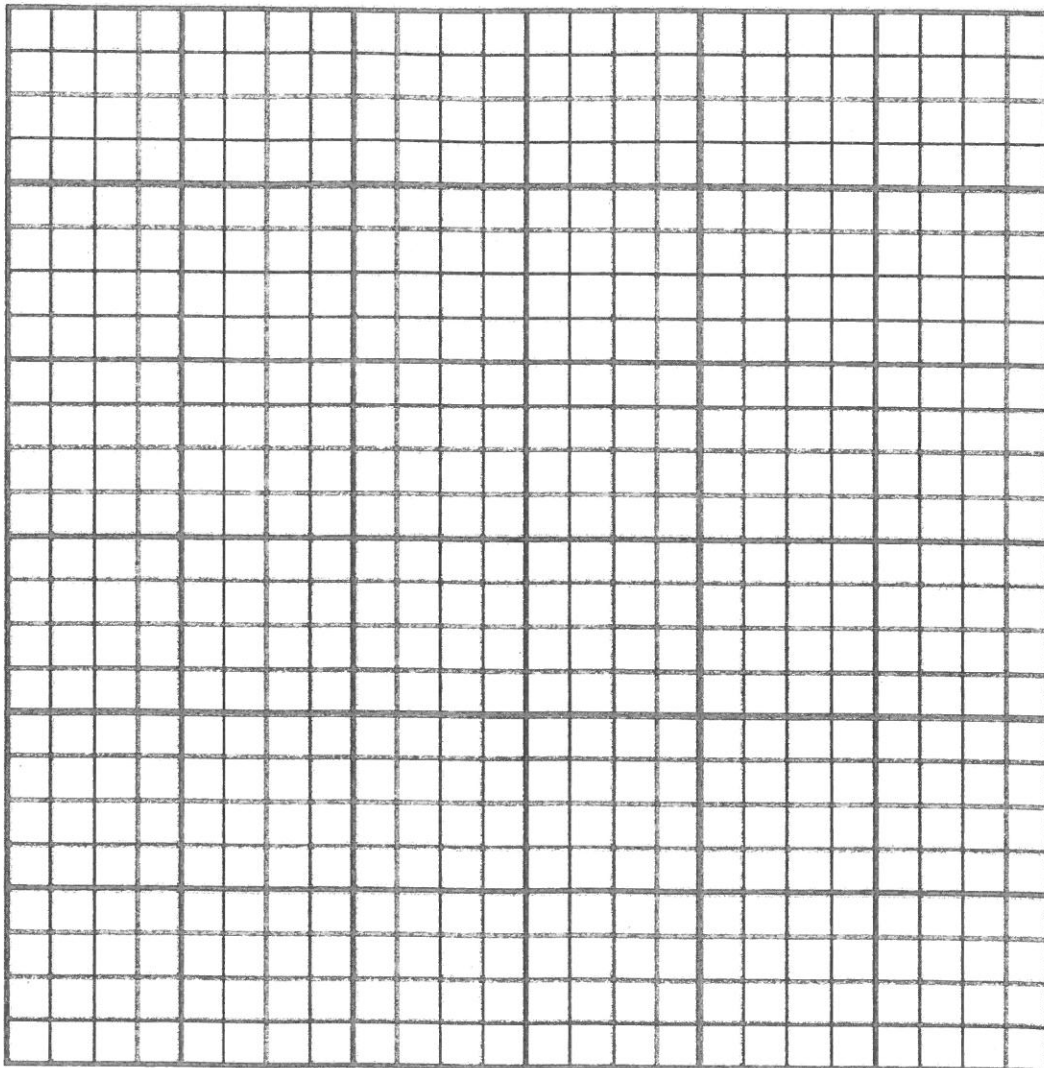

Property Owner: _____ Date: _____

Address: _____

The following shall be shown on the sketch plan:

- Lot Configuration
- Building Location
- Contours or Flow Arrows
- Storm Sewers
- Retention Basins
- Infiltration System
- Sidewalks
- Terraces
- Bridges
- Dams
- Cisterns
- Patios
- Swales
- Watercourses
- Floodplains
- Seepage Beds
- Driveways
- Berms
- Inlets
- Detention Basins
- Leach Rings

Scale: 1" = _____ (4 squares per inch)

APPENDIX A-5a

SITE PLAN FOR EXEMPTIONS OR SMALL PROJECTS (EXAMPLE)

The following shall be shown on the sketch plan:

- Lot Configuration
- Building Location
- Contours or Flow Arrows
- Storm Sewers
- Retention Basins
- Infiltration System
- Sidewalks
- Terraces
- Bridges
- Dams
- Cisterns
- Patios
- Swales
- Watercourses
- Floodplains
- Seepage Beds
- Driveways
- Berms
- Inlets
- Detention Basins
- Leach Rings
